

ECOLOGICAL RESPONSIBILITY

ECOLOGICAL RESPONSIBILITY

We enjoy an intact environment and want to keep the beautiful landscape in our region clean and alive for our children.

RESOURCES

We pay attention to an economical use of energy and resources, recycling of raw materials and waste heat as well as an environmentally friendly disposal of waste.

CLIMATE CHANGE

We are committed to further reducing our carbon footprint by continuing to implement energy and climate protection measures. Key elements of our environmental policy include increasing energy efficiency, using electricity from hydropower or renewable sources, and substituting petroleum-based auxiliary and operating materials and fuels.

ENVIRONMENTAL COMPLIANCE

For the sake of our environment, we are committed to meeting the strict requirements for an environmentally friendly production process. These globally applicable criteria are an integral part of our corporate sustainability management. This is our contribution to a clean environment.
