

CORPORATE RESPONSIBILITY

CORPORATE RESPONSIBILITY

Continuous development and improvement ensure that we can continue to meet the growing global challenges and fulfil the expectations of our stakeholders in the long term.

INDEPENDENCE

We make new investments from our corporate profits, ensuring the financial independence and autonomy of the company.

LAWS AND STANDARDS

We pursue our goals in compliance with all laws, standards and other binding obligations, enabling healthy, sustainable business growth.

QUALITY

We guarantee a high standard of quality throughout the entire product development process - from the targeted selection of our suppliers to the continuous training of our employees. In our production realisation, we stand for a holistic and customer-oriented understanding of quality.

PROCUREMENT

EXTRAMET buys fairly: economically advantageous, ecologically sustainable and socially responsible. We know the product requirements and use the innovative power of our business partners. We promote this through initiative and cooperation in partnership. We empower our procurement to know EXTRAMET's needs and markets. Procurement is coordinated, defined and controlled.
